YYZ Layoff Update

May 5, 2011

As previously announced in the May 2 Shop Committee bulletin, Air Canada is laying off 50 of our Brothers and Sisters in Toronto. Unlike past layoffs due to bumping, this round of layoffs is due to ***claimed surplus employees***.

At no time did Air Canada LR advise the Union that they intended to layoff beyond the actual requirements and implement a process that disadvantage individuals transition selections, seniority rights and bumping rights during the bumping process.

Listed are the positions that are claimed to be surplus;

*2 LLAT Cat 01, 16 LAT Cat 01, 2 Cat 03 NDT, 1 Cat 14 Lead, 3 Cat 15,
1 Cat 19 LLAT, 1 Cat 21, 3 Cat 23, 1 Cat 24, 3 Cat 33, 4 Cat 38, 4 Buyer Analysts
2 Planners, 1 Licensed Planner, 3 Technical Instructors, 1 Lead Stock Keeper,
2 Tech Data Controllers*

Your Union representatives have asked chief arbitrator Martin Teplitsky to arbitrate on this and other related issues immediately.

In Solidarity,

YYZ Technical Operations, Logistics and Supply Shop Committee
