IMPORTANT INFORMATION

PENSION SEMINARS

Please note that due to meetings with the company on matters dealing with the Low Cost Carrier and the two Pension Seminars scheduled for 0900 hours on October 30th and 31st /2013 have been cancelled. There are still spaces available on October 29th and October 30th at 1700 hours.

Pension seminars are scheduled for all interested IAM Members employed by Air Canada. The seminars will deal with the Air Canada Pension plans for both ex-CAIL and original Air Canada members

The seminars will explain the rules of the plans, the available options for both retirement and termination and the changes to the plans (as a result of the new 2014 Air Canada pension MOA) will be discussed.

Post retirement benefits provided by the Government and Company will also be explained. There will be opportunity for individuals to ask questions and we will endeavour to provide answers for all. We expect the seminar will run approximately 3 hours depending on the number of questions.
