

AIRLINE CENTRAL LODGE 2323 I.A.M.A.W.

Technical Operations, Logistics & Supply Shop Committee

NOTICE

October 26th, 2105

Your Shop Committee has inquired with Local Management and Labour Relations regarding the pending bid dates for the standard work week (5 and 2) work schedule. Our understanding is, the bid will commence prior to October 31, consistent with Arbitrators Keller's award dated 28th of July, 2015. Should this not be the case, our intention will be to seek resolution with Mr. Keller. To ensure our seniority rights are fully respected, we have requested the bid be fully open and license requirements on each shift line be disclosed.

Thank you all for and patience and support.

David Freeman
Shop Committee
Tech Ops, Logistics, Supply
