

AIRLINE CENTRAL LODGE 2323 I.A.M.A.W.

Technical Operations, Logistics & Supply Shop Committee

NOTICE

13-06-2016

We would like to provide an update on local developments and discussions that affect our Tech Ops, Logistics and Supply Membership in YYZ.

We are in discussions with Senior and Local Management re-introducing our Unionized Members into the STOC Centre YYZ. A temporary placement is being discussed with the intent of a full and permanent complement of IAMAW Unionized employees in the months ahead.

A monthly premium has been tabled for Borescope Inspection qualified employees. Further discussion is required.

A monthly skills premium has been tabled for Logistics and Supply Stock-keepers who hold Category 1, 2 and 3 Receiving Inspection Certification Authority and discussions are under way.

As further developments arise and should details become finalized we will communicate them in a timely manner.

Thanks you for your support.

In solidarity,

David Freeman
Shop Committee
Tech Ops, Logistics and Supply
YYZ

Joe Veltri
