

Toronto YYZ Shop Committee

February, 23 2023

The second and final Airport Operations Mini-bid for the Winter 2022/2023 schedule is anticipated to be released soon.

Members choosing to participate, are required to ensure they send their selections to airportshopcommittee@iamaw2323.ca

The IAMAW will be meeting with the company in the coming weeks to discuss the Summer 2023 bid process.

There have been many suggestions brought forward by the membership that we intend on advocating for during this round of committee meetings.

The company is determined to improving our (OTP) On Time Performance through many initiatives.

Our station being such a critical element to system wide performance, many of the suggestions we intend on getting implemented will help significantly improve these current goals. We will keep the membership informed with these developments.

In Solidarity,

YYZ SHOP COMMITTEE TEAM
