FOR ALL IAMAW MEMBERS

IT'S YOUR UNION. RAISE YOUR VOICE!

ON WEDNESDAY, JUNE 28, 2023 AT 10:00

Location: LL 2323 Hall 2580 Drew Road,

All IAMAW members will receive by mail a letter with the subject COMMITTEE ON THE FUTURE and information about goals to grow our union.

Please come to the Committee on the Future (COTF) meeting and voice your thoughts on how we can secure a strong future for the IAM's next generation. We want to hear from you, the members, on how we can make our union better.

The committee members, who equally represent the Local, District, Territorial, and Grand Lodge levels of our union, will travel to locals and districts in every corner of North America to hear from the membership and document their suggestions and concerns.

The committee also heard from several IAM Grand Lodge departments and received a personal thank you from IAM International President Robert Martinez Jr.

"I appreciate the members on this committee for dedicating their time and knowledge to help grow our union," said Martinez. "Our union has always relied on ideas from our membership, officers, staff, and others to think of new ways to grow. I am extremely proud of the next generation of IAM leaders and activists who will help create a secure future for generations of IAM members."

"Everyone represents their territory well, so I am proud to see the efforts to move our great union forward. I encourage members to participate and give their honest feedback during these COTF listening sessions. I hope we emerge a stronger organization after this process." said IAM Headquarters General Vice President Dave Chartrand
