IAMAW AIR CANADA MEMBERSHIP UPDATE ON LOCKER SHORTAGES FOR FEMALE STAFF – AIRPORTS DEPARTMENT SEPTEMBER 25, 2023

Dear IAMAW Membership,

I want to provide you with an important update regarding the ongoing locker shortage issue for our female members in the Airports department. I am pleased to inform you that I have had meaningful conversations with the company, and they have taken our concerns seriously.

They have committed to working diligently with your Union on a solution to address the locker shortage for our female members. Their proposed solution involves relocating a number of non-IAMAW employees to a new location, which will free up space for our IAMAW members to have access to the lockers they need.

It's important to note that the company is fully committed to rectifying this situation promptly.

For those members who have not yet received a locker, I want to assure you that you can expect to have one provided to you very soon. The company is actively working on implementing the necessary changes, and we anticipate positive results in the coming weeks.

I want to express my gratitude for your cooperation and understanding as we address this issue together.

If you have any further questions or concerns, please do not hesitate to reach out to me. I am here to support you in any way I can.

In solidarity,
