AIR CANADA AERONET LOG-IN ISSUES

There have been numerous calls to the local lodge about retirees having trouble trying to sign into the AERONET.

Air Canada has implemented a new process called MFA (Multi-Factor Authentication). This new process can be a little tricky. However, there are 3 links to assist our retired members. This bulletin will be posted on our general bulletins section on the iamaw2323.ca website and a new **RETIREE TAB** will be created for our retired members so information can be shared.

- 1) First Instructions pamphlet
- 2) Second Instructions pamphlet
- 3) MFA Video of the process

Please pass this information along. Also note the HR/IT number to call for password help is 1-866-274-5444.

In Solidarity

Vick Seebalak

President LL2323
