### HEALTH AND SAFETY BULLETINS SUSPENDED

It has come to my attention that there are issues with all the Health and Safety bulletins that have been posted.

I have recalled and suspended these bulletins until I have investigated what has transpired.

Currently, I do not have the minutes from the September 03, 2024 union membership meeting.

Myself and seven other delegates were absent from the September 03, 2024 union meeting because we were in attendance at our Grand Lodge Convention.

Once I have rectified these issues, I will have the NEW HEALTH AND SAFETY BULLETINS POSTED.
