January 29, 2025

Hello Brothers and Sisters,

Re: AME – Advisory Sub-Committee Communication

Your Bargaining Advisory Sub-Committee Team came together from January 12 – 17, 2025, for a week of in-depth training and brainstorming as we prepare for the upcoming contract negotiations.

During this time both GSE Mechanics and ACM AMEs came together to brainstorm many common items, as well as items that pertain to each department separately. We spent several days in-class with experienced economists and skilled negotiators, gaining valuable insights and strategies to support our efforts.

It was an incredibly productive week, and we formulated many important ideas and plans for the negotiation season ahead. The discussions helped us identify key priorities and strategies that we will carry with us as we negotiate for the best possible outcome for all of our members.

As we move forward, it is crucial that we hear from you. The Union will be sending out a survey soon, and we encourage you take the time to share your thoughts, concerns, and priorities. Your input is essential to ensure that we address the issues that matter most to you during negotiations.

We look forward to bringing all the skilled trades voices and concerns to the table, and together, we will work towards a strong and industry leading agreement.

In solidarity, your Sub-Committee,

Steve Grigoropoulos
Terrance Crocker
Geoff Murdoch
Tevor Drennan
Nathan Gudmundson
James Ainscow
