IAM 2323 MEMBERSHIP SERVICE

In recent months, the Local 2323 leadership has been assisting the spouses, partners and families of active and retired local IAM members. The issue they are facing is that when members' have passed away or are not able/healthy, the spouse or partner or family may have a very difficult time navigating the benefits they may be entitled to. The Local 2323 executive is here for assistance. We understand the challenges because as employees we have at times had difficulties contacting the company human resources department or the many other different departments of our employer. Your Local 2323 wants you to be assured that we can facilitate, assist and be called upon by your loved ones for assistance. We stand ready to educate and assist your families in regards to benefits, post-retirement benefits, pension concerns, travel privilege inquiries or just general questions. Below is our contact information. Please review this with your emergency contacts or family and keep this information safe because we can be the resource persons to assist your love ones.
