Union Leadership Training for 2026

The Executive Board thanks everyone who showed interest by submitting their names for the 2026 Union leadership courses. The members below were selected on January 6, 2026 at your Executive Board meeting. Some criterions for selection were based on being a shop steward, a positive leader in the union currently, continue to show leadership skill in the union and volunteering their time at union events. The Executive Board would like to send all the applicants on these leadership courses but there is an invested cost of \$2500 per member. For the members selected you are expected to present a 5-minute report at the next union meeting following your training.
